SNOW HORSE STAMPEDE

Dear Snow Horse Families,

On behalf of all staff, we hope this week's Stampede finds you happy, healthy and safe. We trust you had an enjoyable Spring Break and are rested and ready to delve back into digital learning.

As a reminder all digital learning plans can be found conveniently on our web page. Each teacher is listed and has weekly lessons outlined for the core subjects of Reading/Writing, Math, and Science. Additionally, you can find social studies resources. Even art, computer science and physical education activities are available for extra fun.

In cooperation with the Governor's most recent order to STAY SAFE, STAY HOME, we too are committed to do our part to ensure a healthy staff and community during the COVID-19 pandemic. Therefore, only essential staff will be in the building and we ask that you continue to schedule appointments for assistance that necessitate a visit. Meals delivered by our dedicated cafeteria manager will resume.

In order to continue providing the needed remote- learning support to students and families, beginning this week our teachers will be using our attendance system (not currently utilized). This system will allow us to efficiently track student participation during this 'soft closure' period.

Please note this will not be a formal attendance record retained on any student long term, nor will it be used to determine your child's grade. Its intent is to simply provide a measure of where our students may need assistance to engage with the remote learning experiences being delivered by our teachers. Attached is a summary of how the information will be recorded and used by schools throughout the district. Please feel free to review both the *Grading Procedures* and *Reporting Student Participation* attached documents provided by the District.

As always, if you have any questions or concerns please contact your student's teacher directly or the school. We are committed to working together for every student's success.

Sincerely,
Principal Joni Slater, M. Ed

CALENDAR OF EVENTS

Apr 6th- May 1st Remote Learning Continues

Apr. 13th ...

Kindergarten Round-up
Bulletin & Educational
Concern Forms Distributed

HAVE A HAPPY
EASTER

KINDERGARTEN ROUND-UP & NEW STUDENTS

Initially, we had scheduled our Kindergarten Round-Up for this Friday, April 10th. Due to the 'soft closure' and the Stay Safe... Stay Home directive we have canceled this event. We will, however, conduct a round-up electronically. Please watch for a special bulletin on when and how to get our newest COLTS registered for next school year.

We kindly ask for help to spread the word among neighbors within our boundaries about our efforts to account for each kindergarten child. We also want to encourage any new families in our area to contact the school early to register all students at every grade level. This information is critical as we begin to create next year's class lists. Thank you!

Educational Concern Forms or Parent Teacher Request Forms will be made available next week, and must be completed by the indicated deadline for consideration. Watch for this information in next week's Stampede!
