Dear Parents,

This will be the last week for remote learning and the device drop off will be on Friday the 15th. Please make sure you have read the email about all the information you need to know for Friday. I will not be there but please let your child know how much I loved being their teacher this year and I am so grateful I have been their teacher! This week will be the same as the other weeks lessons plans, but I have attached a fun end of the year book they can make. We will also have our last **zoom meeting Tuesday at 11:00**, I hope to see everyone there. Also, there will not be any assessments on Friday. I hope you are all doing well. Please email me if you have any questions or concerns! I hope you all have a wonderful and safe summer break.

-Mrs. Porter

Unit 6.4

What traditions do you know about? _____

Fluency and Accuracy

Blend the sounds smoothly as you read

strong street scrub spray threw
split throne straw shrink screen
spread strike scrap throat strange
writers glued taught kneepad bedspread

Is thread as strong as string?
We will stroll down the street.
Three fish splashed in the stream

Sight Words

Beginning	Challenge
before	school
front	city
heard	effort
push	movement
your	tradition
tomorrow	difficult
even	nobody
much	center
our	farmers
are	ready
must	anything
up	divided

6.4 Spelling

Spelling

Practice writing spelling words in a sentence on lined paper. This is also handwriting and grammar practice, so use capitals, punctuation marks and form letters correctly in the lines with correct spacing.

scrape

shrill

split

splash

spray

strike

string

three

Challenge words:

sprayer

through

throw

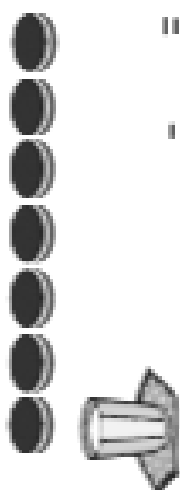

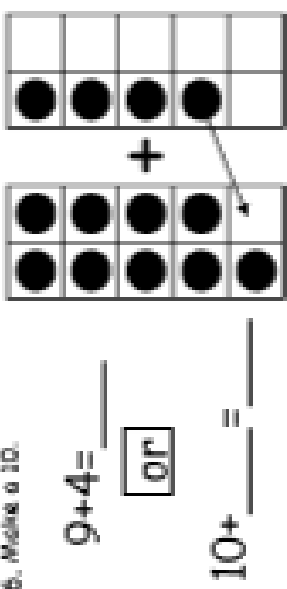

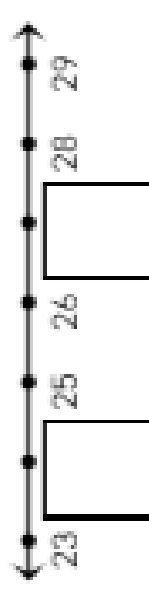

springtime

splashed

scrapping

Write the missing numbers.</p> <div style="text-align: center; margin-top: 10px;">  </div>

Daily Review

Name _____ Date _____

1. 5 blue birds and 7 black birds were in a tree.
How many less blue birds than black birds were there?

2. Write the number in expanded form.

_____ + _____ = _____

3. How many more flags than cars?

_____ - _____ = _____

5.

 :

 :

6. Make a 10.

$$9 + 7 = \underline{\quad}$$

or

$$10 + \underline{\quad} = \underline{\quad}$$

7. Use what you know about the parts of 10 to find the unknown.

$$\text{😊} + 6 = 10$$

$$10 = \triangle + 3$$

$$= \underline{\quad}$$

$$= \underline{\quad}$$

9. Use what you know about the parts of 8 to solve. Pictures and manipulatives may be helpful.

whole part part
 $8 - 5 = \underline{\quad}$

whole part part
 $8 - 1 = \underline{\quad}$

4. Solve for the total or difference.

$$0 + 5 = \underline{\quad} = 2 + 1$$

$$\underline{\quad} = 9 + 9 \quad 8 + 7 = \underline{\quad}$$

$$10 + 4 = \underline{\quad} \quad 5 + 1 = \underline{\quad}$$

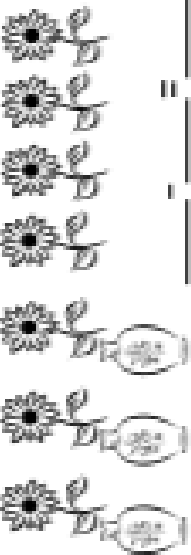

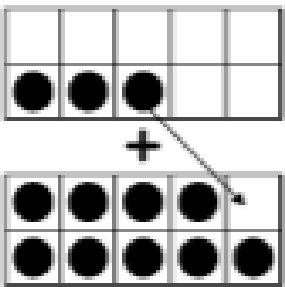

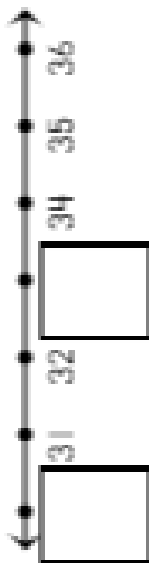

8. Find the total of the three addends.
Look for combinations to ten first.

$$4 + 6 + 2 = \underline{\quad}$$

10. Write the missing numbers.
